Kerensky Says Part of Petrograd in State of Revolt.

Premier Declares Cabinet Will Perish Rather Than Cease to Defend the State.

Petrograd, Nov. 8.—In addressing the preliminary parliament Premier Kerensky charged the military committee of the soldiers' and workmen's delegates with having distributed arms and ammunition to workmen. "That is why I consider part of the population of Petrograd in a state of revolt," he said, "and have ordered an immediate inquiry and such arrests as are necessary. The government will perish rather than cease to defend the honor, security and independence of the state."

Machine gun detachments have moved to the soldiers' and workmen's quarters. The situation is complicated further by the action of Premier Kerensky in suspending three socialist and two conservative newspapers. The city authorities ordered a disconnection of the bridges between the quarters of the city inhabited by the working classes and the center of the capital, thus stopping the tramways.

At one session of the preliminary parliament Premier Kerensky, referring to the socialist attempt to seize power and provoke civil war, said, amid applause from the right and center and part of the left:

"The people who dare raise their hands against the will of the Russian people are at the same time threatening to open the front to Germany."

The premier asked the preliminary parliament to reply immediately as to whether the government could rely on its support. The house now is discussing the question.

TEUTON FOES ARE BLAMED

Claims German Terms Offer "Honorable Peace" for All Nations in the Struggle.

Amsterdam, Nov. 8.—Czech deputies in the Austrian lower house on Tuesday, says a dispatch from Vienna, asked Dr. von Seydler, the premier, for a statement regarding the prospects for the realization of a desire for peace expressed in a letter sent to the deputies by Bohemian women in Moravia. The premier replied that he appreciated sincerely the desire of the women, and added:

"Austria-Hungary and its allies repeatedly and publicly have declared their readiness for peace and have proposed a peace program on which basis an honorable peace is possible for us and our opponents."

STORM CAMP TO FREE SPY

Shots Fired at Houston Cantonment in Effort to Liberate Alleged German Agent.

Houston, Tex., Nov. 8.—A daring attempt was made here early today to release Herbert Ramm, alleged German secret service agent, confined in the guardhouse in the heart of Camp Logan. Shots were fired. No one was reported hit.

SAYS U. S. FORTIFIES AZORES

Madrid Dispatches Quote Lisbon Papers as Demanding Explanation of Action.

Buenos Aires, Nov. 8.—Madrid dispatches received by La Nacion assert that United States forces are fortifying the Azores and quoted Lisbon newspapers as protesting and demanding an explanation.

J. S. SHIP SUNK; OFFICER AND 20 MEN ARE MISSING

American Patrol Boat Alcedo Torpedoed by Submarine in War Zone.

CRAFT SINKS IN 14 MINUTES

Vessel Was One of the Most Palatial Private Yachts Afloat—Owned by G. C. Drexel Before War Was Declared.

Washington, Nov. 8.—An American patrol vessel has been sunk in the danger zone with the loss of one officer and twenty men.

The navy department announced that the converted yacht Alcedo was torpedoed at 1:30 a. m. November 5. The official announcement reads:

"One officer and twenty men are missing. The ship sank within four minutes after she was struck. Several vessels were searching for possible survivors at the time the report was made. The Alcedo carried seven officers and 85 men."

Was Formerly Owned by Drexel.

The Alcedo was one of the largest and most palatial private yachts afloat. She was built in 1905 at Glasgow for Baron Rothschild of Trieste, Austria, at a cost of \$400,000, but was purchased by George W. Childs Drexel of Philadelphia.

The yacht was 275 feet over all with a graceful clipped bow and overhanging stern. Normally the Alcedo required a crew of 46 men.

Mr. and Mrs. Drexel have taken the Alcedo into all of the seven seas. The last long cruise they made aboard her began in December, 1913, and ended in June, 1914. This included visits to Russian, Turkish, Grecian and northern African ports.

WILL ASK FOR MORE FUNDS

Red Cross Wants Sum Totalling \$250,000,000, Says Head of Women's Bureau.

Chicago, Nov. 8.—The American Red Cross next spring will again ask the nation for funds totalling \$250,000,000 to aid it in its work for suffering humanity. This was made known here in an address by Mrs. Florence Marshall, head of the woman's bureau of the Red Cross at Washington, in an address before 3,000 Red Cross workers attending a convention of the central division.

U. S. PACT WINS WAR AID OF JAPAN

Lansing Announces Agreement on Military and Economic Co-Operation to Crush Foe.

MIKADO WILL HELP ALLIES

Agreement Keeps Commercial Door to China Open and Pledges Republic's Integrity—Extends Agreement of 1908.

Washington, Nov. 8.—The United States' agreement to recognize Japan's special interests in China, made public, was declared by international experts to be the greatest diplomatic achievement of the present administration.

Japan's special interests were defined by a government representative as identical with our special interests in Mexico. Henceforth Japan must guard against pernicious political activities of her subjects.

Secretary Lansing announced as a result of the "open door" agreement Japan had voiced her eagerness to aid the United States in suppressing Prussian militarism and that a military, naval and economic program had been discussed.

Mr. Lansing would give no details of this agreement of war co-operation except that a naval plan in the Pacific had been made. The United States has wanted Japan to patrol the Pacific to release American warships for European and Atlantic coast operations.

It was stated the agreement is "a mere understanding" not a treaty or alliance, and includes no concessions on Japanese immigration to this country.

The agreement does not supersede, but extends the Root-Takahira agreement of November 30, 1908.

Y. M. C. A. SEEKS \$35,000,000

Sum Needed to Continue Its Work for United States Soldiers and Sailors.

New York, Nov. 8.—To raise the sum of \$35,000,000 to continue its work for the United States soldiers here and abroad, and to extend the work to the armies of Russia, France and Italy, the Young Men's Christian association will launch a drive campaign on November 13, continuing until November 19. The work of the Y. M. C. A. in the army and navy is not new. It began in the Spanish-American war and reached a greater expression when secretaries in khaki followed the United States troops to and across the Mexican border, with full recognition from the government and with popular acclaim from the soldiers. With the same recognition from President Wilson and from the entire roster of army, officers, the Red Triangle men are to be found in every camp and cantonment where soldiers are being prepared for the battle for democracy, and they have preceded the men to England and "somewhere in France," and will greet the arrivals as they reach foreign soil.

TO ISSUE A 13 CENT STAMP

Postage Increase Calls for New Special Delivery Sticker—To Bear Franklin Head.

Washington, Nov. 8.—The postoffice department is planning to issue a 13 cent postage stamp for registered and special delivery letters. Heretofore a 12 cent stamp has been in use, but the increase in postage makes necessary the printing of a new denomination. The stamp will bear the head of Franklin and will be of the size and border design of the current issues above 7 cents. The color has not been selected.

NEW MILITARY ZONE

Gen. Cadorna to Fight Upon a Short Line.

Italians Retreat in Good Order—New Military Zone in Northwest Is Fixed.

Rome, Nov. 8.—The Italians have withdrawn in good order from the Tagliamento river toward the Livorno, it is announced officially. The announcement follows:

"As the low water in the Tagliamento rendered difficult defense of the river, we have withdrawn our line towards the Livorno. The retirement was accomplished in good order, under the protection of northward covering troops and of rear guards toward the south."

Our airplanes and airships repeatedly bombed enemy troops at work in rebuilding bridges over the Tagliamento or in movement across the river. Our hostile machines were brought down by our aviators."

Italian Army Headquarters, Nov. 8.

including in the zone of military operations all territory to the north and east of the Po and Minio rivers.

CHICAGO VOTERS HIT KAISER

Democratic-Republican Fusion Judicial Ticket Swept Into Office—German Back U. S.

Chicago, Nov. 8.—Chicago answered the anti-war challenge Tuesday.

With a tremendous vote it swept the Democratic-Republican fusion judicial ticket into office despite Socialist triumph in one and possibly three wards and in country districts of German population.

More than 240,000 votes were cast—the greatest judicial election the county has ever seen. In the city alone the 14 fusion candidates were given an 80,000 lead.

The Independents ran a poor third. North side wards, commonly styled German districts, demonstrated their Americanism by almost solidly backing the fusion ticket. Incomplete returns from the country towns, however, gave the Socialists a lead of ten votes to a precinct. But even if maintained, it will not affect appreciably the city's deluge of loyalty ballots.

JACKIES WOULD PAY SUM

Sailors at Great Lakes Will Not Be Allowed to "Chip In" for Shortage.

Great Lakes Naval Training Station, Ill., Nov. 8.—Seventeen thousand jackies of the camp here who proposed to make up the \$3,000 shortage in the funds of the paymaster's office by "chipping in" 25 cents each will not be permitted to do so. It was announced here. Commandant Moffett declared it would not be fair to allow the boys to pay the penalty for the wrongdoing of another. No arrests have been made.

TO BE FEDERAL PROSECUTION

If Question Indicates Criminal Intent in Discovery of Hundreds of Tons of Vegetables and Fruits.

Chicago.—State Food Administrator Wheeler said grand jury action and Federal prosecution would result if investigation indicated criminal intent in connection with the discovery of hundreds of tons of decayed vegetables and fruits near the West Chicago yards of the Chicago and Northwestern Railroad. Wheeler made this announcement when informed the Health Department possessed evidence to show an alleged embryonic Board of Trade in operation in railroad freight yards whereby commission men bought and resold carloads of vegetables many times.

PRESIDENT WILL CUT BREAD PRICE

To Also Fix the Size of the Standard Loaf; Hoover to Control.

BAKERS MUST BE LICENSED

Direct Control to Be Assumed in Proclamation Soon to Be Issued—8,000,000 Sign Food Conservation Pledge.

Washington, Nov. 8.—Direct action to control the price of bread and fix the size of a standard loaf will be taken soon by President Wilson in a proclamation placing all bakers under the license system administered by Food Administrator Hoover.

The bakers will be considered as manufacturers and the terms of the proclamation will make it possible for the food administration to control price and size of the loaf.

Considerable reduction of prices in many localities is expected to be the immediate result.

8,000,000 Sign Pledge.

The 8,000,000 mark has been passed on the score board of the family enrollment campaign in the Washington headquarters of the food administration, and indications are that when all returns are in they will show that half the people of the country have agreed to support the administration's plan for food conservation. The latest compilation gives a total of 8,020,181.

Iowa reports 144,200 signed pledge cards, which gives it a grand total to date of 432,000. This figure not only puts Iowa in the group of states of which have exceeded their quotas but at one bound places it in second place, both as to total numbers of signed cards and as to percentage of families enrolled in comparison with population.

California First in Totals.

California, with nearly 450,000 signatures, is still first in totals, while New York is second with 347,682. More than 37,000 during the last 24 hours, giving it a total of 347,682, is forced into fourth place. New Jersey, with 373,388 signatures, drops from second to third, because of Iowa's jump.

Iowa now has 76 per cent of all her families enrolled for food conservation, being exceeded only by Louisiana, which displays a record of 89 per cent. Maine, which, with 68 per cent, has been second, drops to third, and New Hampshire, with 64 per cent, is fourth.

New York City After Million.

New York City, having surpassed its goal of half a million signatures, with returns reported so far of 513,472, announces that it is going after a million.

Pennsylvania reports that there are about 700,000 families enrolled in that state now, with prospects that the total enrollment will be a million.

Alaska reports that in one day 636 cards were signed in Juneau and neighboring mining camps.

U-BOATS HARASS U. S. SHIPS

Submarine Attacks Intensified by the Desperate Effort to Destroy Troop Transports.

Washington, Nov. 8.—The sinking of the American patrol boat Alcedo by a German submarine was received by the navy department with deep regret but not with surprise. The daily reports sent to the department by Vice Admiral Sims have led officials here to believe that German submarine warfare was more intensive than ever before.

Vice Admiral Sims has reported that since the presence of American troops in France in considerable numbers became known to Germany, every effort was being made to sink troop transports, and as a result the war zone literally swarmed with undersea craft, and that attacks were of much greater frequency.

SCHMITZ, EX-MAYOR, ELECTED

On San Francisco Board of Supervisors, Returns Indicate—Was Indicted for Graft.

San Francisco, Nov. 8.—Eugene E. Schmitz, former mayor of San Francisco, who was indicted in the famous graft prosecution cases in 1907, has been elected a member of the city and county board of supervisors on the face of incomplete returns. Of nine supervisors chosen, Schmitz stood fifth in the list. Schmitz was three times elected mayor of San Francisco as the candidate of union labor. He was removed from office following his indictment for extortion, of which he was later convicted. He successfully appealed from the conviction.

JOHN N. WILLYS

John N. Willys of Toledo, O., chairman of the national committee charged by the secretaries of war and the navy with the raising of a fund of \$3,750,000 to provide for the welfare of soldiers and sailors in all training camps and posts during their hours of freedom from duty. The big drive to obtain the fund is now going on.

N. Y. WOMEN WIN VOTE

Tammany Hall Democrats Regain Power in Gotham.

Entire Ticket Elected, Giving Winners Control of City's Finances—Hyman's Plurality 147,975.

New York, Nov. 8.—The woman citizens of New York state were given unlimited suffrage in Tuesday's election by a majority which is expected to reach 100,000, when all election districts have completed their tabulations. With 1,345 out of 5,772 election districts missing, the vote stood 533,519 for, 241,315 against.

The vote on woman suffrage in New York city complete was: Yes, 334,911; no, 241,315.

Tammany hall returned to power as the result of yesterday's majority election. Not only was Judge John F. Hyman swept into office by the largest plurality ever given to a majority candidate in New York city, but there was elected with him the entire Democratic ticket, giving the new administration all of the 16 votes in the board of estimate, which controls all city expenditures. Those elected with Judge Hyman are Charles L. Craig, comptroller; Alfred E. Smith, president of the board of aldermen, and the presidents of the five boroughs of the city.

Judge Hyman's plurality, based on virtually complete returns early today, was 147,975. Mayor Mitchell's plurality four years ago was 121,200.

With 27 election districts missing, the vote for mayor stood:

John F. Hyman (Dem.), 297,282.

John Purroy Mitchell (Fusion), 140,307.

Morris Hillquit (Soc.), 142,178.

William M. Bennett (Rep.), 63,078.

MONEY CRISIS FOR AUSTRIA

Swiss Experts Point to Big Note Issue and Small Metal Reserve of Nation.

Washington, Nov. 8.—Swiss monetary experts, in dispatches received here, call attention to the desperate financial situation in Austria. Recently Doctor Weckerle, president of the Hungarian cabinet, declared at a public sitting of parliament that the circulation of notes of the Imperial bank had reached 15,500,000,000 crowns (\$3,100,000,000) in September and is now probably 17,000,000,000 crowns (\$3,400,000,000). The metal reserve for this enormous circulation is only 250,000,000 to 400,000,000 crowns.

The Swiss experts declare that Austria consequently is in a precarious financial position.

FIVE ARMIES TO CRUSH ITALY

Austro-Hungarian Fleet to Join German Forces in Big Attack, Says Amsterdam.

London, Nov. 8.—It is announced at the Austro-Hungarian army headquarters, according to a dispatch from Amsterdam to the Exchange Telegraph company, that the Teutonic armies operating against Italy number five.

They are under Generals Von Krobatin, Von Krass, Von Buelow, Von Henrich and Wurm, with the leadership vested in Von Buelow, who commands the central army. There is a possibility, the dispatch adds, of the Austro-Hungarian fleet co-operating with General Wurm's army along the Adriatic coast.
